RETRO ELEGANCE

A mix of eclectic pieces reminds the observer of a treasure chest. A collection of statement pieces, well curated by connoisseurs of taste and style. Accessory-heavy arrangements with every single piece telling a story of souvenirs of the past. Colours are bold and heavy, yet matching and harmonic. Dark reds and blues combine with gold accents, all shades of gemstones are mixed with precious metals. Materials are equally royal – lush velvet, noble brass, luxurious inlay techniques, and precious marble surfaces come together for a regal ambience. Retro elegance can take place in any small corner of a home, or in a boutique hotel, a jazzy cocktail bar, or a luxurious bedroom that makes the dweller forget about the rest of the world.

METRO POLIS

Decisively cosmopolitan, timeless and elegant. This range for connoisseurs and decision-makers takes stylistic elements from the Art Deco and Bauhaus movements, and uses luxurious black and as a colour statement. The Metropolis look is covered in mirrored surfaces, statement pieces you might find in a glamorous pop star's backstage area, spotlights and seating areas with a nearly baroque flair.

ELEMENTS

Strength from nature: archaic furniture made of wood, stone and iron „Elements“ generates associations with archaic landscapes and derives its vitality from the exciting juxtaposition of wood with glass and metal. Inspiration is provided by natural experiences such as the calm of a Swiss mountain lake or the wildness of Scotland's rocky coastline. It is all about the materials: rough stones, precious metals and high quality wood combined in elegant and dark colours.

INDUSTRIAL LOFT

Raw and rough but with an affection to high quality – the factory lifestyle is located where the style is: in Brooklyn's unrenovated lofts and in the Meatpacking District. Bricks and concrete are obligatory for a 21st century's factory's background, high quality leather, rough metals as well as natural materials such as recycled wood are added to complete the look. Glass surfaces, industrial lights, large tables with intermixed chairs and wire structures can give any home the lofty flair.
